

Dear Mr. Tony Simple @ Tony Simple Foundation of Hope

Words can't express the gift that your support gave our son Nathaniel. I am so overwhelmed when I stop and think about your generosity. To give to small boy, making his life more full of love, fun and laughter. To allow him to leave his unfair world of surgeries, pain, sadness, frustration and loneliness for a week. To watch him with the guys turning into a little man right before my eyes, what a huge gift to my heart. Thank-you so much and may God's richest blessings shower you.

Nathaniel has had 34 surgeries and in the summer of 2007 he underwent 4 of them within a months time frame. He was talking to me about going to live with Jesus. Because it all had become more than he thought he could endure. Then he shared " But I haven't got my buck yet." You have given our son his one dream come true. And again I say a heart felt Thank – you for all you do for God's little ones like Nathaniel.

Respectfully,

Mrs. Beth Walburn
