Dear Tony and Staff,

I heard the great news this morning about Jarod being chosen to attend this year's hunt. I must admit that it is the first time in 11 years (since the birth of my son) that I shed tears of joy. When Mellanie called to give me the news, Jarod was in the back ground making his usual noises of excitement (something that you all will get to experience) in only the way Jarod can. We did not tell him before hand that I was sending in an application for him. As with all of your attendees, he is a very special young man who deserves to enjoy his passion and thanks to you this will be an unforgettable adventure for him.

His mother and father said that he needed a job that would enable him to help hone his motor skills and stamina without being taken advantage of by others. Luckily I work in a very caring environment and have given him that opportunity. There needs to be more people out there like us to understand that it is just as much therapy for us as it is for them.

I know that I may never be able to express how much I appreciate what you all are doing for these children but, if there is ever a need for volunteers just let me know and I will move Heaven and Earth to be there.

Take care and God bless you all,

Roy
