Dear Tony,

There truly are no words in the English dictionary to describe the gratitude we have for all you have done for our family! Our trip to the Muy Grande Resort gave us a chance to not have to worry about a doctor's appointment or the word "cancer" for just a little while! We were sad when we didn't get to go on the trip with all the children on the 9<sup>th</sup> of September, but things just didn't work out. Even though Spencer was the only child this trip, your foundation and everyone involved, including you, made it just as special! Your foundation is amazing in the fact that you can give a child a smile on their face and a weekend to forget, just for a little bit, their health issues and experience a hunting trip is very heart warming.

We enjoyed so much of the weekend watching Spencer's smile receiving all the goodies in the duffle bag from all of your sponsors, shooting a nine point buck, shooting skeet, shooting a pheasant, playing games, watching magic shows, and just relaxing and having no worries. All of these things were very nice, but the best part was seeing you and Spencer bond and getting to know each other. We feel you are a "gift from god" and will be a great mentor for Spencer, which he truly needs and will enjoy. You can tell you love what you do, have a huge passion for children and life, which showed while you were with Spencer.

Everyone you have working for your foundation are very caring as well. To have the support of so many people to help you with what you are trying to do with your foundation overwhelms us in more ways than you can imagine. To be able to take out a group of children all in wheelchairs and give them a chance to have an experience of a lifetime is so wonderful!

We thank you from the bottom of our hearts for all you have done and you continue to do! You truly are an amazing inspiration to all of us!

Sincerely,

Steve, Tammy, and Spencer Sowles

Also, thanks for sending the shoes! Spencer loves them! ☺
